4 November 2016

Dear Ms Orgill

The report to follow outlines your results from the Friends and Family Test. This report is based on the feedback from 43 patient questionnaires in October 2016.

In order to enable us to improve our services we would be grateful if you could complete a feedback form using the following link: <http://www.cfepsurveys.co.uk/questionnaires/feedback/default.aspx?psid=190023>

Please contact the office on 01392 823766 or reports@cfepsurveys.co.uk if you require further information about your results.

I hope the report forms a useful basis for reflection on the service provided to patients.

Yours sincerely

CFEP UK Reports Team

Frequency and distribution of ratings for the Friends and Family Test question

How likely are you to recommend our GP practice to friends and family if they needed similar care or treatment?

Table 1

Criteria category for scoring	Response scale	Number of responses	Percentage of responses*
Promoters	Extremely likely	18	43%
Passive	Likely	15	36%
Detractors	Neither likely nor unlikely	4	10%
	Unlikely	0	0%
	Extremely unlikely	2	5%
	Don't know	3	7%
Total responses to this question		42	101%

* May not add up to 100% due to rounding

Number of patients who left Q1 blank (but provided other feedback on the questionnaire)	1
Total number of patients providing feedback	43

Graph 1

79% of patients who responded to the survey would be either extremely likely or likely to recommend your practice to friends and family if they needed similar care or treatment.

The sum of the 'Extremely likely' and 'Likely' percentage of responses in Table 1 may not equal the percentage in the grey box above due to rounding.

Of those 42 patients who answered the Friends and Family Test question, 42 (100%), filled out a paper questionnaire and 0 (0%), completed a questionnaire online.

Patient comments

The following comments are from patients who indicated that they were happy for these to be made public.

All comments are included in their entirety but all attempts have been made to remove details which could identify specific patients or practitioners.

Please tell us why you answered as you did in question 1:

- Find it difficult to book appointments, especially with my own doctor.
- Reception staff are very rude over the phone, not all!
- Reception staff are mostly great and nurses. However the GPs in my opinion have little time to assess their patients.
- Because I've always been with the same doctor all my life.
- Caring staff.
- It's a good practice.
- Cause I think my doctors are good and have always got me straight in when I need to see someone.
- Depends on the doctor you get.
- Good practice.
- Because there are good doctors and receptionists and nurses who are very helpful.
- Any problems I've had in terms of health have always been solved here. Friendly service.
- Very satisfied with the doctor.
- Very pleased with the practice procedures.
- Don't know the others.

Please tell us why you answered as you did in question 1:

- Clean, friendly and most of time efficient.
- Very good doctors, nurses and support staff.
- Excellent care and treatment. Great staff.
- Friendly, helpful staff who usually try to listen. The doctors have been exceptionally patient and caring. Thank you.

Additional information on the Friends and Family Test

The Friends and Family Test (FFT) is a feedback tool that supports the fundamental principle that people who use NHS services should have the opportunity to provide feedback on their experience that can be used to improve services. It is not a traditional survey. It is a continuous feedback loop between patients and practices.

Practices can use the feedback gathered through the FFT to celebrate successes and to support staff to make improvements where the experience of service does not live up to expectations. FFT results are also one useful source of information which can help to inform choice for patients and the public.

More information and guidance about the use of the FFT in the NHS can be found at <http://offlinehbpl.hbpl.co.uk/NewsAttachments/PGH/FFT.pdf> and <http://www.england.nhs.uk/wp-content/uploads/2014/07/fft-imp-guid-14.pdf>.
